Dear Mrs King,
I refer to your complaints regarding the above property.

I would advise you that I am still endeavouring to engage with both the owner and his father concerning the condition of the building and the ground of the property.

To date I have received no reply to my correspondence, but am continuing to try to pursue their compliance with my requests.

Should their co-operation not be forthcoming the Council will have to consider what statutory action is required to gain compliance.

I will endeavour to keep you up to date with the situation.

Dear Mr Burke

Thank you for your correspondence with regard to the above property.

It is evident that the owners do not want to comply, to do so would commit them to carry out repairs, particularly to the thatch. 5 years is quite long enough to "consider what statutory action" should be taken. (See planning meeting minutes 18 November 2013)

Moordown Local History Society consider that an enforcement notice should be issued without further delay.
